

Many people do not realize that maintaining their mulch beds and irrigation systems is vital for the health and survival of their plants and flowers. Annual mulching and trenching will keep your lawn not only *looking* top-notch, but keeping it that way for years to come!

The Green Machine can handle all of your landscaping needs! Some of our most popular landscaping services include:

- Mulching your beds and gardens
- Landscape design
- Re-locating small trees and shrubs
- Removal of overgrowth
- Trenching your beds and gardens
- Tree and shrub pruning

Please contact us for more information and prices regarding landscaping!
